NOTE: The beauty of wood is that it is a natural product, therefore no two pieces match and different pieces take stain differently. In working with Pittsburgh Paints to provide stain formulas, our goal is to meet customer requests and needs for obtaining stains that will blend with Somerset flooring colors. Neither Pittsburgh Paints nor Somerset Hardwood Flooring is responsible for final finished colors, since the stains may be applied to different wood substrates. Obviously Somerset Hardwood Flooring cannot be responsible for any work that occurs outside our factory.
